Approximately seven observers attended the meeting.

Co-chairman Sal Boccuti opened the meeting promptly at 6:30.

Member Joanne Walker introduced the members of the legal panel. Tomothy Bergere or Montgomery McCracken represented the private sector and Leo Mullin, EPA represented the government. Mr. Mullin gave an overview of CERCLE, the legislation which created the Superfund, with additional comments from Mr. Bergere. They also discussed how the newer brownfields initiatives have affected the return of land to public use. After the presentation, questions were taken from CAG members.

A break was taken at 8:00.

Comments were taken on corrections to last month's meeting Summary. They will be incorporated into the electronic copy and archived.

Work Group reports

RR&M- cancelled due to weather

HERS- held a conference call on February 22. They have not set their annual goals yet, as they are waiting for feedback from group members.

CA- Website up, and Lynn Hoffman just received files to put in the website. We need \$60 more for our business cards.

FP- met on March 17 at WVWA. Chair Beth Pilling provided an oversight of the planning process and how the BoRit site fits into the larger greenways and built environment. Members were assigned information gathering chores for the next meeting.

Rules- no meeting

The CAG reviewed the Action Items database. Some items were chosen to be removed.

Other news-

Sharon McCormick will be meeting with Representative Rick Taylor.

Susan Curry had some questions about activity on the worksite, but will hold them for the Friday call.

Some members want to review the question submittal policy with EPA.

The next CAG meeting will be on Wednesday, April 7, 2010.

The meeting adjourned at 9:00.
